NATURAL NEIGHBOURS AND DAUBENEY
PRIMARY SCHOOL PRESENTS

GREENING DAUBENEY VILLAGE 2025

FREE
ENTRY

Be inspired by this community-transformed school
wildlife garden and find out how you can be
involved or do similar where you are

See how this wonderful space has matured since its
transformation in early 2024 from plastic grass and
bare asphalt to woodland planting, wildlife pond
and clover lawn. Join in the bio-blitz as we search
out and identify wildlife that has moved in and made
a home in the school's backyard. Hear expert
speakers talk about how you can get involved in
enjoying this and similar communal spaces, or just
wander the ground soaking up the peace and
tranquility.
