Dear Parents & Carers,

Firstly, I hope you all enjoyed what was a wonderful royal wedding weekend coupled with the FA cup, gorgeous weather and followed by the Hackney Half-Marathon on Sunday.

Representing the school for the Hackney Half-Marathon we had Mr Shamji (our school business manager), and we had 62 students along with an array of staff running the children's 1.1 mile fun run. As always the day was a wonderful event enjoyed by all that attended and will hopefully inspire our children to take up running/athletics as a healthy lifestyle option. Perhaps they could do it with their parents as there was also a contingent of Daubeney 'mums on the run' at the half-marathon too!

As the weather has improved and as part of our initiative for more out-door learning please see our year3's enjoying their science lesson in our hop garden. Our Year 1s were also fortunate enough to escape the confines of the classroom and ventured across to Daubeney Fields for a Teddy Bears Picnic. Our Reception children have also been planting seeds (as part of their science learning) that will certainly enhance our out-door spaces. I look forward to seeing their sunflowers grow and becoming as radiant as the faces of our Reception students.

Year 4 were also able to get out of school and had an edifying time at a local mosque where they were able to take a tour of the mosque and had the opportunity to quiz an Imam about Islam.

The youngest children in our school are showing us that nursery learn so much through 'play'. They are already getting to grips with acquiring phonetic knowledge and developing their reading and writing skills as a consequence. I look forward to seeing this cohort going from strength to strength when they transition to year 1 in September.

I would also like to take the time to commend our year 2 and year 6 teachers for guiding their students successfully through our formal assessment period. The year 6s have shown that this year they are both motivated and dedicated to achieving success in their SATs as they prepare for the transition to secondary school.

Some of our teachers were able to share (during an assembly) some of our their hobbies and passions to show the children that they are not just one dimensional teachers that constantly moan and whine! They were surprised to learn of the passions of some of our teachers. Please speak to your child(ren) for some verbal feedback on the assembly, if they haven't told you about it already. I don't know if they were more impressed with the magic or with the martial arts?!

At the time of writing our children are completing their lessons in their pyjamas. The range of PJ's is impressive and has caused a chuckle or two. Thank you to all the parents that supported us with this, all proceeds will go to GOSH our charity of the year. If you would like to support us in our fundraising endeavours please access the link below (<https://www.justgiving.com/fundraising/gregory-logan>).

As always I implore you visit our website for all things Daubeney, especially our calendar as the summer term will be very eventful! In the meantime please stay safe during the half-term holiday, enjoy your holiday and I look forward to seeing you all in June ready for last half-term of the academic year.

Mr Logan
Head of School

As part of Religious Education (RE), Year 4 had a great time visiting Suleymaniye Mosque in Hackney. We were able to learn about Islam and Muslims' place of worship. The Imam (religious leader) took us on a tour of the mosque and answered any questions we had.

It was fun and we learnt lots about Islam. I liked the chandeliers in the Mosque. - Jonas 4K

It was fun and educational. It was good to know about Muslims' religion. - Halima 4P

We learnt new things that we didn't know before and we had fun. I thought the building was very colourful. - Phillip 4C

Forces and Magnets

Year 3's science topic for this term is forces and magnets. After creating mind maps to think about what questions we had about this area, we then took part in a game of tug of war! We discovered the team who used the most force (pulling) would win. If we used equal force then the rope did not move. The winners were 3K!

Planting Seeds

Red class have been planting cress and sunflower seeds. We have been writing instructions, labelling plants and talking about what plants need in order to survive.

We can't wait to see our sunflowers grow.

Take a look to see what fun we've had!

Teddy Bears Picnic

Year 1 had a breezy but lovely Teddy Bears Picnic in Hackney Marshes. We took the opportunity to have a little hunt, looking at what grows. Then we sat down and had a picnic with our teddies and friends!

Phonics

The children in Nursery love phonics! As you can see from the videos and photos, they have been working hard to identify and write initial sounds and name objects and pictures with the same sound. Some children can also read CVC words by segmenting and blending. In the video a child used his phonic knowledge to spell 'mud' and 'bus', sounding out each letter as he wrote. Well done Nursery. They'll be reading entire novels before we know it!

Coronation Lunch at Daubeney

On the 18th of May, Daubeney had a coronation themed lunch in honour of Prince Harry and Meghan Markle's wedding. The lunch consisted of: Coronation chicken sandwich/wrap, Cheese and pickle sandwich/wrap, Vegan sausage rolls, New potato salad, Pesto pasta salad, strawberry jelly and Victoria sponge. "The lunch was very good and I would love to eat it again and again" quoted Jehana 4K. The children were encouraged to wear red white and blue for the day. Thank you to every one who gave money and everyone who took part!

SATs are over!

The Yr. 6 children did their SATs last week and finally it is over. I am a Yr. 6 student and I can tell you that they aren't as bad as you think! You get a free breakfast and a lot of extra play. On Monday, we did the SPaG paper and I think we would all say that it was easier than the practise papers we did. We did our spelling test which includes twenty words that the teachers read out to you. On Tuesday, we did reading comprehension which has three short stories and we had to answer questions about each text. On Wednesday, we did two of our maths papers which were arithmetic and reasoning. This was the most tests we had to do in one day that week. Finally, Thursday came and we only had one test left which was reasoning two. On Friday, we got rewarded with a trip to the cinema and watched Coco which was a fun way to relax after a week of tests or as teachers say 'assessments'. So for all of you reading this in other year groups, don't worry about SATs because once they are over that's it you never have to do them again!

I found it challenging but I could do it if I focused and put my mind to it.
quoted Arthur 6S.

Daubenev

Miss Gustave comes from the island of St. Lucia. Although she is passionate about a number of things including her job as a teacher, she also does acting! Growing up she realised she had a natural talent for the arts of acting, but only got formally involved in acting during her years whilst studying to be a teacher. Her passionate lecturer (Kendal Hippolyta) who was himself a distinguished writer. During the years, she took part in a number of productions at various venues. The plays were not just those that explore the cultural and social intricacies of St. Lucia, but also those of wider Caribbean society, plays that are well known throughout the region and internationally. She joined a theatre called the Lighthouse Theatre. Then she continued developing her passion for acting.

On Sunday, 62 of our children took part in the annual Hackney Half-Marathon Kids Fun Run.

The children were escorted by: Mr Simon, Mr Swarbrick, Mr Elphick, Mr Ainsworth, Miss Philips, Ms Young, Ms Carrmen and Mr Logan. Well done Team Daubeney!

Hi everyone, so the race is over and I completed it in 2 hours 7 minutes which is a new PB, beating my previous by over 15 minutes! Conditions were nice and cool in the morning but the sun really started shining a quarter of the way into the race making things slightly more difficult. Things were going really smooth for me up until the 10th mile when my calf started suddenly cramping. After some stopping and starting, I started thinking of this brilliant cause and you guys sponsoring me which got me through the final three miles.

Overall, a fantastic experience, great support, lovely weather and a day full of fitness festivities afterwards. I'd highly recommend this event for anyone wanting to or even thinking about doing a half marathon. Finally I'd like to say a massive thank you again to all those who have donated your hard earned money to this fantastic cause. It really will make a difference to GOSH.

Mr Shamji

CLUB KIRIKOU: SUMMER 2018
Learn French Through Play

THEME: HOLIDAYS

AGES: 4-11 YEARS

DATES: Tues 29th May – Fri 1 June – (4 days)

Mon 23rd July – Fri 27 July– Week 2
